

# Sustainable Initiatives at the 2024 Congress: Showcasing Your Commitment

Dear Sir / Madam,

As the organizers of the EMMD, we are committed to enhancing the sustainability of our congress and reducing its environmental footprint for the future.

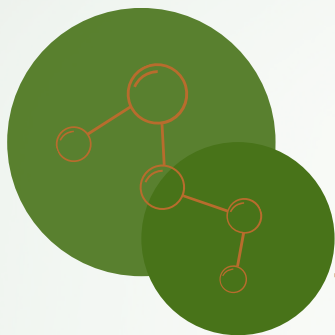

We highly value your role as a sponsor, and we would like to invite you to join us in this significant initiative. We are happy to provide you with a platform to showcase and promote your sustainability initiatives.

In the exhibit hall, the Keizerzaal, we will be creating a unique "Green Island." This exclusive space will accommodate five sponsors, each with the opportunity to highlight their contributions to sustainability. What sets this Green Island apart is not only its ecological focus but also the creative and engaging ways in which we plan to draw attention to sustainability, enhanced by interactive displays and activities such as a video presentation or live presentation of your company in the plenary session room.

We will ensure that the Green Island becomes a focal point for all attendees. Participating in the Green Island will offer you a unique opportunity to align your brand with the values of environmental responsibility and innovation.

We are enthusiastic about the prospect of working together to create a more sustainable congress in 2024 and beyond. For more detailed information about the packages we offer, please refer to the following pages.

Feel free to contact us at [Info@EMMD.org](mailto:Info@EMMD.org) if you have any questions.
